# Introduction

ACTIVE Content Manager 22.2 contains enhancements and new features.

**ACTIVE Content Manager:**

- Digital Assets Manager
- Child pages
- Tiny MCE editor
- “Secret” fields are now hidden.
- Security

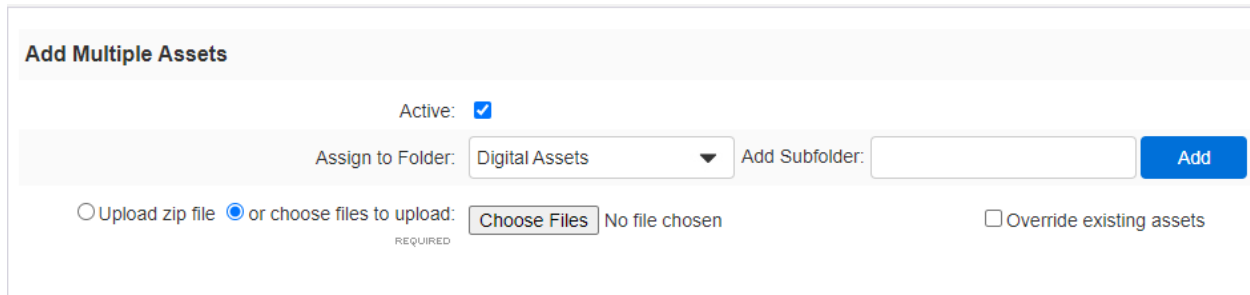

In addition to working on enhancements, the ACM team has been busy proactively addressing security issues.

Please check the ACTIVE Customer Portal at <http://CustomerPortal.ACTIVENetwork.com> for other updates and documentation.

---

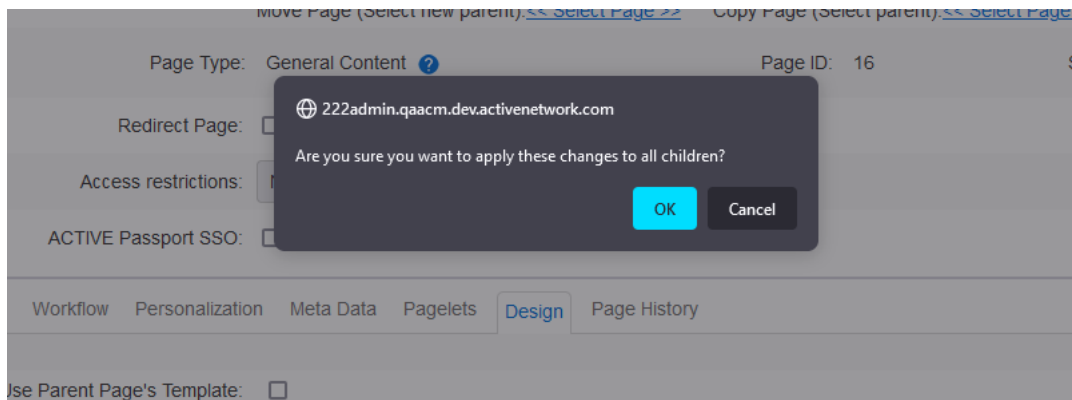

# New Features and Enhancements

- [6720] **Digital Assets Manager:** Users can now choose to upload multiple assets by selecting the files from a folder rather than zipping the files first.

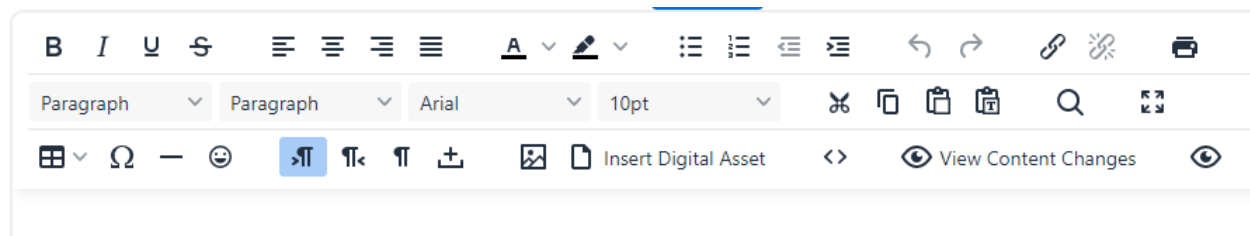

*Choose files to upload*

- [6653] **Child pages:** The **Save and Apply to Children** links now require the user to confirm their intention through a pop-up message.

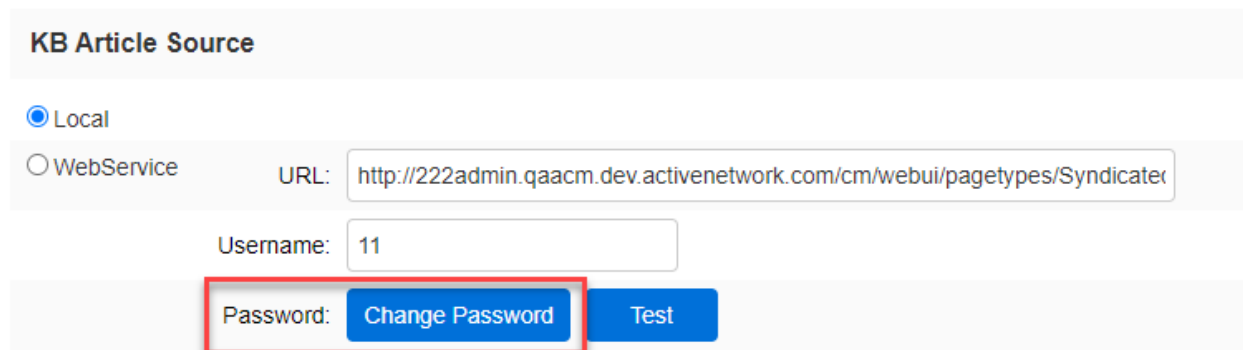

*Message to confirm applying changes to child items*

- [6856] **TinyMCE:** The previous version of the TinyMCE editor, 4.2, has been removed.
- [6858] **TinyMCE:** All the page types that previously used their own version of the TinyMCE editor now use the system-wide version.
- [4904] **TinyMCE:** The TinyMCE editor has been upgraded to the latest version.

*TinyMCE menu bar*

- [6784] **Security:** The values of a number of “secret” fields have been hidden. ACM now adds a **Change Password** button to the field after a value has been entered. The following fields have been affected:
  - **Configuration Files > Web Config tab > Outgoing Email Settings**
    - **SMTP Password** field
  - **RSS Feed Reader > FEED READER CREDENTIALS**
    - **Password** field
  - **Sam Trans Information Pagelet > Web Service Settings**
    - **Password** field
  - **Sam Trans Subscription Page > Station Alerts**
    - **Password** field
  - **Site Details > Billing tab**
    - **Password** field
  - **Syndicated KBArticle Report > KB Article Source**
    - **Password** field
  - **Syndicated KBArticle Search > KB Article Source**
    - **Password** field

**KB Article Source**
